OBJECTIVE

I am currently looking for an exciting position in a fast-paced technology company where I can utilize my expertise as a full stack web developer and continue to grow. I hope to make a valuable contribution to groundbreaking projects and enhance my abilities in this ever-changing industry.

PROFILE SUMMARY

- In 2024, I successfully completed my Bachelor of Engineering in Computer Science from Global Institute of Engineering And Technology.

- I am highly skilled in full stack web development, with a special focus on the **MERN** stack.

- I have a good understanding of both frontend and backend technologies.

- I have a foundational understanding of PHP, Python, and object-oriented programming concepts.

ACADEMY PROFILE

BE (CSE) : Batch 2020-2024 Under graduated in Global Institute of Engineering and Technology with current CGPA is 8.4

HSC:Batch 2019-2020 with 63.5% in Thiru G Varadharajalu Chettiar Higher Secondary School, Arcot

SSLC:Batch 2017-2018 with 65% inThiru G Varadharajalu Chettiar Higher Secondary School, Arcot

PRIMARY SKILLS

PROGRAMING CONCEPTS

- Intermediate knowledge in **JAVASCRIPT**
- Basic knowledge in **OOPS** Concepts
- Basic knowledge in **PHP**
- Highly skilled in **HTML** and **CSS,** adept at crafting visually appealing and responsive web designs

TECHNOLOGY AND TOOLS

- Proficient in **MERN** stack: MongoDB, Express.js, React.js, and Node.js for dynamic web app development.
- Experienced with **Visual Studio Code** for efficient coding.

- Skilled in **GitHub** for version control and collaborative development.

- Proficient in **Canva** for enhancing web project visuals

- Proficient in **Postman** for API development, testing, and debugging

DATABASE MANAGEMENT

- **SQL** Proficient in Microsoft SQL Server for DDL, DML operations, joins, and set operations, facilitating efficient database management and querying

- **MONGODB** Knowledgeable in MongoDB for basic database operations and document-based data storage

PROJECTS

1. **DEVELOPED A STUDENT DASHBOARD PROJECT UTILIZING MERN STACK**

   Featuring CRUD operations, Excel download functionality, and integrated Axios for efficient API communication, along with Tailwind CSS for streamlined UI design.

2. **INCOME EXPENSES USING MERN STACK**

   Developed using React for component management, Redux for state management, and Axios for API communication. Backend built with Node.js/Express.js, utilizing MongoDB/Mongoose for data storage and retrieval.

3. **PORTFOLIO WEBSITE**

   Developed a Static React Portfolio project showcasing my web development skills and projects.

4. **CHATTMATE**

   Developed a JavaScript chatbot application utilizing APIs for seamless interaction and functionality enhancement.

COURSES,CERTIFICATIONS DETAILS

- Certified in Full Stack Web Development Bootcamp 2024 - MERN Stack from Udemy.com.
- Currently undergoing training at Kaashiv Infotech.
- Completed MongoDB and React projects at Infosys Springboard.
- Attended a Full Stack Workshop at Strydo Technologies.
- Completed Naan Mudhalvan courses on Data Analytics and Big Data.
- Completed Simple Learn course in Frontend Development and Introduction to MERN Stack

PERSONAL DETAILS

DATE OF BIRTH	:	11/10/2002
LANGUAGES KNOWN	:	Tamil,English
NATIONALITY	:	Indian
FATHERNAME	:	Kuppan G
MOTHERNAME	:	Girija K
GENDER	:	Male
